WED126 Workplace Education

Course Name	Course Code	Period	Hours	Application	Laboratory	Credit	ECTS
Workplace Education	WED126	2	6	6	0	3	3

Language of Instruction	English
Course Status	Compulsory
Course Level	Bachelor
Learning and Teaching Techniques of the Course	On the Job Learning, Reporting, Communication, Group Work

Course Objective

Students will gain various skills that will enable them to become experienced employees through workplace training course. Students' progress in gaining professional experience and professional competence will be evaluated by university faculty members who are in close cooperation with them, and practice trainers and mentors who have gained experience in their work.

Learning Outcomes

1. To reflect the theoretical knowledge given at the university into practice.
2. Access to field-specific information resources within the scope of the course.
3. To report and present the information obtained in the application area.
4. To be trained in line with the needs of the market by taking the applied training in the laboratories.

Course Outline

Students make observations and experience in workplace one day in a week. Students take this course in the field. The duties and activities of the professional candidates in this course should provide them with the opportunity to observe their experienced advisors in the workplace and to work individually with their advisors, even if they are limited.
